## TransCo receives 2021 Energy Efficiency Excellence Award

Republic of the Philippines  
DEPARTMENT OF ENERGY

NATIONAL TRANSMISSION CORPORATION (TRANSCO)  
Energy Efficiency Excellence Award 2021  
Energy Efficiency Excellence Awards for Government  
Government Owned and/or Controlled Corporations

Attention : MICHAEL A. VIVAS  
Department Manager

Dear National Transmission Corporation,

Congratulations on showing Excellence in the Government Category – Government-Owned and/or Controlled Corporations!

We are pleased to inform you that you have been conferred to receive the Certificate of Excellence for the 2021 Energy Efficiency Excellence (EEE) Awards for Government – Government Owned and/or Controlled Corporations.

This award reflects your excellent performance and contributions to the Energy Efficiency and Conservation Program of the Department of Energy. We laud your best practices and your total electricity savings of 383,622 kWh which is equivalent to Php 3,120,898.82. Your efforts ensure energy savings throughout your facilities.

Further, your organization implemented energy efficiency and conservation measures such as conducting regular preventive maintenance on all air-conditioning equipment, provision of biodegradable dishes, application of nano-coat anti-heat solutions on windows, turning off lights during lunch breaks and when not in use, and the proper use of computers is observed among others.

DOE would like to express its gratitude in recognition of your remarkable performance on energy efficiency and conservation (EEC). We look forward to your continued efforts and advances in EEC programs, measures, and activities.

Thank you.

Very truly yours,

JESUS CRISTINO P. POSADAS  
Senior Undersecretary

**TransCo receives 2021 Energy Efficiency Excellence Award**

The National Transmission Corporation (TransCo) has once again proved its excellent, efficient and effective energy use, in compliance with the Republic Act 11285 or the Energy Efficiency and Conservation Act.

In a letter from Department of Energy (DOE) Senior Undersecretary Jesus Cristino P. Posadas, TransCo was recognized for contributing to the Energy Efficiency and Conservation Program of the DOE by saving a total of 383,622 kWh which is equivalent to Php. 3.12 million.

The DOE has likewise lauded TransCo's energy efficiency and conservation measures, including but not limited to the following:

- Conduct of regular preventive maintenance on all air-conditioning equipment;
- Provision of blinds/roller shades;
- Application of nano coat anti-heat solution on windows;
- Turning off lights during lunch breaks and when not in use; and
- Proper use of computers, among others.

The 2021 Energy Efficiency Awards is part of the observance of the 2021 National Energy Consciousness Month (NECM) with the theme "Committed to Serve: Building a Better Normal by Forging Ahead through Energy Ability, Security, and Sustainability."
